# WhichPrep! - User Manual

Thank you for considering the use of *WhichPrep!* Mobile Application. We hope you enjoy the experience. Here is a quick guide on getting to know the application and using its features.

OVERVIEW

1.   Quiz Page

2.   Stats Page

3.   About page

1. Quiz Page

Upon opening the application, you will notice the 'Quiz' button, as shown above. Click on this button to take a quiz.

1.1 Quiz Settings

 You will be brought to the 'Quiz Settings' page, like in figure 1.1 below.

Figure 1.1

- Click on the radio buttons to adjust the quiz difficulty. 1 being easier, 4 being more difficult.
- Set the answer suggestions to 'ON'.
- Scroll the slider to adjust the time per question.

- Press 'Start Quiz', which will take your choices above and begin a test with those conditions.

1.2 Quiz Page

Figure 1.2

After hitting the 'Start Quiz' button, you will be brought to your first question. The timer you have set can be seen in the bottom left corner of figure 1.2 above. Once this goes to zero, and you have not selected anything, the app will jump to the next question, and the question above will be marked as wrong. Similarly, if you try to press the arrow button, you will be prompted to make a selection, before progressing to next question.

- To make a selection, press on any of the three prepositions in the list below the question.
- The question will be highlighted to indicate your choice.
- You may change you choice by pressing on a different preposition in the list.
- Once you have made a selection, click the blue arrow button to proceed to the next question.

You will notice a red 'X' button in the top right corner of your screen. Should you wish to exit the test, you can press this button. Any questions you have answered up to that point will have been recorded on the system.

<u>1.3 Alternate Quiz Page</u>

On the quiz settings page, select 'Answer Suggestions' to 'OFF', and start quiz. You will be presented with a question like in figure 1.3 below.

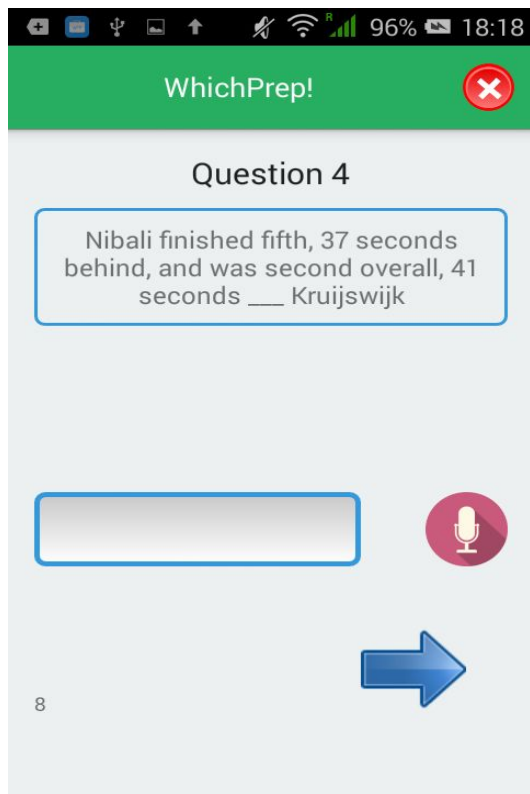

Figure 1.3

In this test, you are not given any suggestions.

- To enter a preposition, click on the text field box.
- The keyboard will pop up, and you can type the preposition.
- Alternatively, click the mic icon to the right of the text field.
- Wait for a sound to play. Once it does, say the word clearly.
- The application will add your said word into the text field.
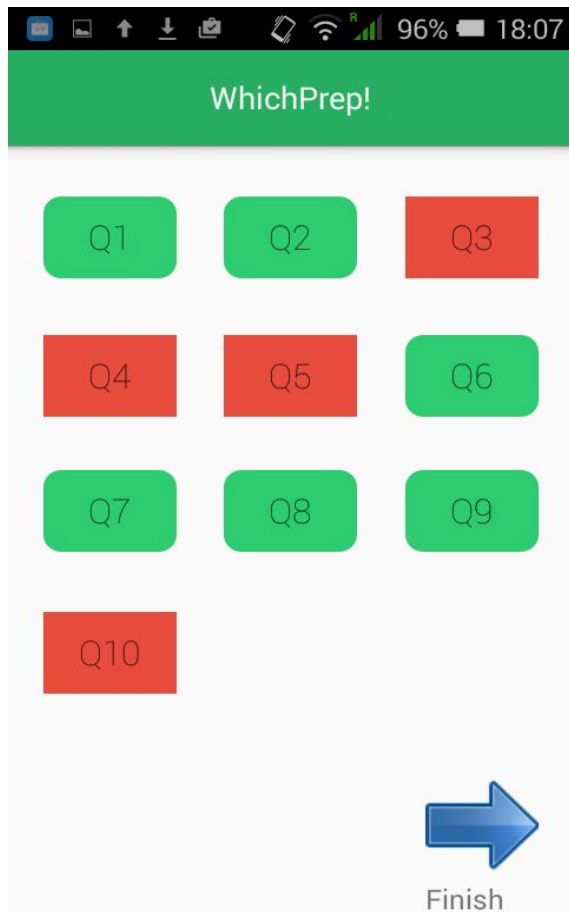

1.4 Results Page

Figure 1.4

Upon completion of the tenth question, you will be brought to the results page, as seen in figure 1.4 above.

Green indicates you have chosen the correct preposition for that sentence, red indicates that you made the wrong choice.

- Click on any of the questions to show more in depth feedback.
- Clicking on the blue arrow will take you back to the home page.
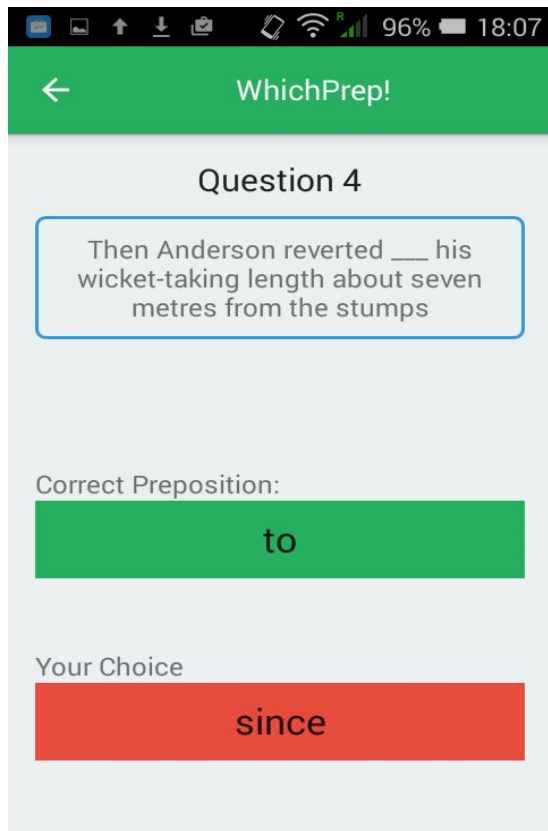

1.5 Post Quiz page

Figure 1.5

Upon clicking on any of the questions from the results page(figure 1.4), you will be brought to the post quiz page like in figure 1.5 above.

In this case, we have chosen the incorrect preposition.

- From here, click on either the 'Correct Preposition' or 'Your Choice'.
- You will be shown information for the word you clicked on, and your statistics on that word, as seen below in figure 1.6.
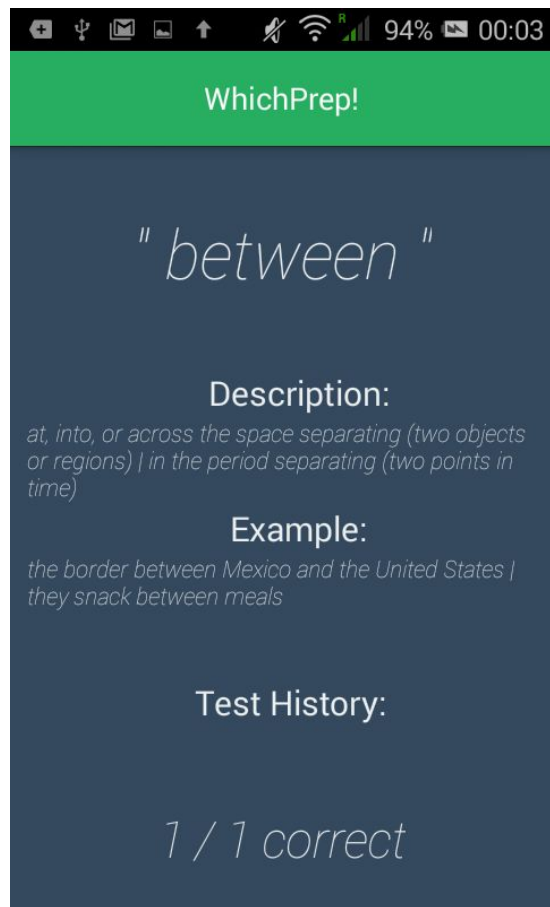

Figure 1.6

- Description will provide you with the meaning of the word.
- as - 'used to refer to the function or character that someone or something has'
- Example will provide an example of how it is used
- "he got a job as a cook"
- User History shows the number of times you have been tested on this preposition, along with the number of times you chose it correctly.

2. Stats Page

2.1 Stats Overview

The stats page will show you where your strength's and weaknesses lie in terms of choice of prepositions. Clicking on the Stats Page icon as seen above from the home page will open the page like in figure 2.1 below.

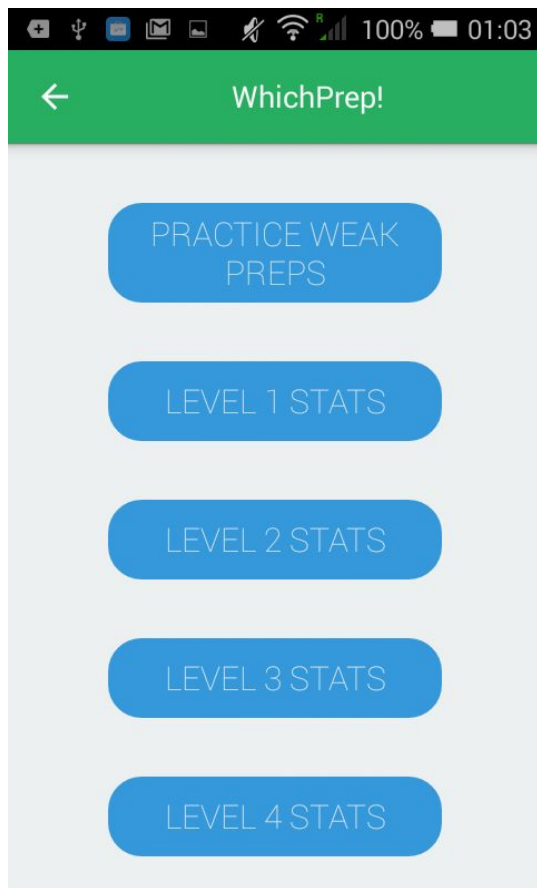

Figure 2.1

- Click the first button to be taken to the test page.
- Click on any of the other buttons to be brought to the page below.

2.2 Main Stats

You will be brought to the following page, like in figure 2.2 below.

Figure 2.2

The above image shows the stats page for level 1 prepositions. Pretty straightforward here, the prepositions occurring under 'Weak' are the prepositions that the user is having difficulty with i.e getting wrong more than 50% of the time.

● Click on any preposition to show info on that preposition, like in figure 1.6 above.

3. About Page

Click on the 'About' icon from the home page as seen above. You will then be brought to the page as seen in figure 3.1 below.

Figure 3.1

About the App - Provide information on what the app does, the need for the app etc.

Blog Links -

- Click on any of the links in the list. This will take you to the wordpress site and show you the blog you clicked on.
